

Lagoon 40

DJ

The most comfortable of the 40 footers

A symbol of the new generation Lagoons, the 40 is endowed with advanced performance features: a VPLP hull structure and an increased sail area provide a better sail surface area / displacement ratio. The decision to position the mast step further aft, which stems directly from VPLP's experience in competitive sailing, provides this catamaran with multiple advantages

Exterior: Space and Comfort

A comfortable cockpit looking out to sea: a starboard dining table, able to accommodate up to twelve guests, a recreation area on the same side and seating at the rear beam.

INTERIOR: ELEGANCE AND LUMINOSITY

A selection of luxurious materials, by Nauta Design, enhances the new interior lines.

A wide choice of accommodation layouts to meet the needs of owners and large families: available in three or four cabins.

Large hull window glazing with integrated portholes in the cabin provide exceptional natural light and an outstanding view.

Particular attention given to volume layout, smooth flow of circulation and luminosity makes this new interior a truly pleasant living area.

Brightness cabins with sea view

The Lagoon 40 has 4 comfortable double cabins and 2 crew cabins in the front peak

Each cabins is bright and beautiful with unrivalled comfort and space.
